Advancing Equity in Academia through Innovation

Deadline for applications: 14 April 2022

Budget: €1,300,000

For more information, click here.

Description:

This funding instrument aims at contributing to equity and inclusion of underrepresented ethnics groups and a cultural change in academia in that regard. The intended impact is a more inclusive culture where everybody is valued, irrespective of the ethnic background.

Funded research projects should embed and/or improve EDI policies and practices at universities in the Kingdom of the Netherlands and UMCs in the Netherlands. The research- and evidence-based interventions can focus on building EDI awareness, new knowledge and/or capacity. These interventions could include trialling new and innovative approaches or the monitoring and adaptation of current processes and interventions. Possible areas of focus are:

- Curricula, courses or trainings on EDI;
- Research or HR policies;
- Professional development on EDI & workforce plans;
- Monitoring & evaluation frameworks & data management plans.

Research Grants on Education: Small

Deadline for applications: April 12 2022

Budget: $50.000

For more information, click here.

Description:

The Small Research Grants Program supports education research projects that will contribute to the improvement of education, broadly conceived, with budgets up to $50,000 for projects ranging from one to five years. We accept applications three times per year.

This program is "field-initiated" in that proposal submissions are not in response to a specific request for a particular research topic, discipline, design, method, or location. Our goal for this program is to support rigorous, intellectually ambitious and technically sound research that is relevant to the most pressing questions and compelling opportunities in education.

Proposals to the Research Grants on Education program must be for academic research projects that aim to study education. Proposals for activities other than research are not eligible (e.g., program evaluations, professional development, curriculum development, scholarships, capital projects). Additionally, proposals for research studies focused on areas other than education, are not eligible.

Racial Equity Research Grants

**Deadline for applications:** April 7, 2022

Budget: $75.000

For more information, [click here.](#)

_____

Description:

The Racial Equity Research Grants program supports education research projects that will contribute to understanding and ameliorating racial inequality in education. We are interested in funding studies that aim to understand and disrupt the reproduction and deepening of inequality in education, and which seek to (re)imagine and make new forms of equitable education. Thus, we are interested in research projects that seek to envision educational opportunities in a multiplicity of education systems, levels, settings, and developmental ranges and that reach beyond documenting conditions and paradigms that contribute to persistent racial inequalities.

Proposals to the Racial Equity Research Grants program must be for academic research projects that will contribute to understanding and ameliorating racial inequality in education, broadly conceived. Proposals for activities other than research are not eligible.

Proposed budgets for this program are limited to $75,000 total and may not include indirect cost charges per Spencer's policy.
