

Vision Grants

Application Deadlines:

Applications Open: mid-June, 2023

Full Proposal Deadline: September 14, 2023

Budget: up to \$75,000

For more information, [click here](#).

Description:

The Vision Grants program is designed to support the field in producing research that disrupts long-standing inequities toward more just and equitable systems. While we are in a time of major challenges in education, we are also in a moment of possibility. We believe that visionary and cross-disciplinary/multi-method scholarship, conducted in generative collaboration with stakeholders in the field, including policy-makers, practitioners, and communities, can contribute to reimagining and transforming educational systems toward equity.

Vision Grants will provide planning funds for teams to develop proposals for research projects that:

- Are focused on key challenges and opportunities that have the potential for increasing equity in education
 - Engage across disciplines and/or research methods
 - Collaborate with practitioners, policymakers, and communities (and other stakeholders)
 - Have clear sightlines to transformational change through research at a systemic level
-

Racial Equity Research Grants

Application Deadlines:

Intent to Apply: May 16, 2023

Full Proposal Deadline: June 22, 2023

Budget: up to \$75,000

For more information, [click here.](#)

Description:

The Racial Equity Research Grants program supports education research projects that will contribute to understanding and ameliorating racial inequality in education. We are interested in funding studies that aim to understand and disrupt the reproduction and deepening of inequality in education, and which seek to (re)imagine and make new forms of equitable education. Thus, we are interested in research projects that seek to envision educational opportunities in a multiplicity of education systems, levels, settings, and developmental ranges and that reach beyond documenting conditions and paradigms that contribute to persistent racial inequalities.

As with other Spencer grant programs, this program is “field-initiated” in that proposal submissions are not required to be developed around a particular research topic, discipline, design, method, or geographic location. We will be accepting applications for projects ranging from one to five years with budgets up to \$75,000.

Research Grants on Education: Large

Application Deadlines:

Intent to Apply: April 27, 2023

Full Proposal Deadline: May 24, 2023

Budget: up to \$500,000

For more information, [click here](#).

Description:

The Large Research Grants on Education Program supports education research projects that will contribute to the improvement of education, broadly conceived, with budgets ranging from \$125,000 to \$500,000 for projects ranging from one to five years. We anticipate awarding grants with budgets across each of the following funding tiers -- \$125,000 to 250,000; \$250,001 to \$375,000; and \$375,001 to \$500,000. Within each of our funding tiers, we evaluate projects within tier and *strongly* encourage applicants to submit for funding that best fits their project rather than applying for the highest amount. We accept Intent to Apply forms twice a year.

This program is “field-initiated” in that proposal submissions are not in response to a specific request for a particular research topic, discipline, design, method, or location. Our goal for this program is to support rigorous, intellectually ambitious and technically sound research that is relevant to the most pressing questions and compelling opportunities in education.

RESEARCH-PRACTICE PARTNERSHIPS: COLLABORATIVE RESEARCH FOR EDUCATIONAL CHANGE

Application Deadlines:

Applications Open: **Mid-September, 2023**

Intent to Apply: **Early-November, 2023**

Full Proposal Deadline: **Early-December, 2023**

Budget: up to \$400,000

For more information, [click here](#).

Description:

The Research-Practice Partnership (RPP) Grants Program is intended to support education research projects that engage in collaborative and participatory partnerships with project budgets up to \$400,000 and durations of up to three years. We accept Intent to Apply forms once a year in this program.

We view partnerships as an important approach to knowledge generation and the improvement of education, broadly construed. Over the long term, we anticipate that research conducted by RPPs will result in new insights into the processes, practices, and policies that improve education for learners, educators, families, communities, and institutions where learning and teaching happen (e.g., schools, universities, museums, other workplaces).

Details about the program and application process can be found below. In addition, you may wish to read the RPP Writing Guide found [here](#). Various details discussed in this request for proposals document are elaborated on in the writing guide.

Lastly and if of interest, The Spencer Foundation publishes annual reports that speak to funding trends. Please see the Annual Report section of the website: <https://www.spencer.org/annual-reports>

Education as a working and learning environment for education professionals - 2023

Deadline for applications:

Intent to Apply: **18 April 2023, 14:00 hrs.**

Full Proposal Deadline: **30 May 2023, 14:00 hrs.**

Budget: €450.000

For more information, click [here](#).

Description:

The aim of this funding round is to develop more knowledge about organizing work and learning processes for education professionals in primary education, secondary education and vocational education. For this purpose more knowledge based on interdisciplinary research is necessary. In this funding round merely consortia with education researchers and professionals with an interdisciplinary composition can submit an application.

The main applicant can submit an application on behalf of a consortium.

For an application in this Call for proposals a maximum of €450.000,- can be applied for. The minimum duration of the proposed project is 36 months and the maximum duration is 48 months.

Kennisbenutting Plus

Deadline for applications: Continuous

Budget: €100.000

For more information, click [here](#).

Description:

Hoofdaanvragers van een lopend of net afgerond NRO-project kunnen een aanvraag indienen voorfinanciering van producten of activiteiten die de kennisbenutting van hun onderzoeksproject bevorderen. Aanvragen worden samen met een partner uit praktijk of beleid ingediend.

Aanvragen voor NRO Kennisbenutting Plus worden ingediend door de hoofdaanvrager van een lopend of net afgerond NRO-project, samen met een of meer partners uit praktijk of beleid. Dit kan een partner zijn uit het bestaande onderzoeksconsortium, maar het mag ook een nieuwe partner zijn.

Het totaal beschikbare budget voor NRO Kennisbenutting Plus is 50.000 euro per jaar. Het aanvragen budget per project bedraagt maximaal 10.000 euro. De financiering wordt verstrekt in de vorm van een lump sum vergoeding voor de termijn van maximaal 12 maanden.

Educational care arrangements

Closing date full application: 25 May 2023 14:00 hrs.
Budget: €2,950,000

For more information, [click here](#).

Description:

This call for proposals, which consists of two phases, calls for monitoring research and impact research to gather knowledge on reducing and preventing absenteeism and school dropout in educational care arrangements, or ECAs for short. Funding will be assigned in two phases. In phase 1 the funding for the monitoring research will be assigned and in phase 2 the funding for the impact research. This is phase 2 of the 'Educational care arrangements' funding round.

An application can be submitted by a consortium consisting of a main applicant and a maximum of four co-applicants. A applicant can only submit once in this funding round, either as a main applicant or as co-applicant. Both the main applicant and the co-applicants must have obtained a PhD.

The total available budget for this call for proposals is €3.150.000. A maximum of one proposal is expected to be awarded funding. A maximum amount of €200,000 can be applied for in phase 1. For the proposal awarded funding in phase 1, a maximum amount of €2,950,000 can be applied for in phase 2. The maximum duration for the monitoring research is 3 years.
